

PRODUCT INFORMATION SHEET

Component Range Extender Outdoor Antenna & Tuner

Part Number RE2.5

Image

Description The Range Extender increases the effective signal range of a Talking House / i A.M. Radio Transmitter from hundreds to more than a thousand feet by providing a simple, professional means of installing the transmitting antenna outdoors in a weatherproof package. The Talking House / i A.M. Radio line of products is unique as the only such license-free system certified under FCC part 15.219 with a variable length of coaxial cable in its approved design.

Specifications table with columns for Specification and Description. Includes rows for Power (Up to 100 MW), Frequency (540-1700 kHz AM), Typical Signal Range (Up to 2500'), Mounting (Pipe or flat vertical surface), Coaxial Cable (RG6), Antenna (105" vertical antenna), and Antenna Insulators (2) Plastic, split block clamp design).

All products described are subject to availability based on manufacturing capacity and shipping dates. While every effort has been made to ensure the accuracy of all information, ISS does not accept liability for any errors or omissions and reserves the right to change information as needed. These specifications may be changed without notice.

PRODUCT INFORMATION SHEET

Antenna Mount

Aluminum "C" channel: H 10.5", W 2.5", D 1 3/16". With mounting holes (for flat surfaces) and strap slots (for pipe).

The Range Extender Antenna's universal channel mount can be attached to various mounting supports; it may be strapped to a pipe as shown right. It can bolt to a flat surface such as a gable, chimney, air compressor unit, etc. The antenna should fully extend above the mounting support for maximum range.

Antenna Tuner

Dimensions: H 8.0", W 4.5", D 2.75".
Construction: polycarbonate with see-through access door, lockable.
Controls: RF meter, frequency range switch, tuning control.
Connections: coax (F) connector, antenna bolt, lightning ground bolt.
Includes hardware for integration with Antenna Mount.

Hardware

Stainless steel and/or corrosion resistant.

Exposed Parts

Aluminum.

Certification

Made in the USA. Talking House FCC Certification DLB5LLL98.

FCC License

Not required if installed per FCC Rules Part 15.219.

Illustrated Instructions

Included.

Shipping Weight

7.5 lbs with packaging, one container.

All products described are subject to availability based on manufacturing capacity and shipping dates.
